

Mid Wisconsin ATV Trailblazers
July 11 2022 meeting

Meeting was called to order

Secretary report was given and accepted.

Treasurer report was given and accepted.

Cost around \$1,500 to get the tractor fixed and it took about a month. Was the steering motor. Dean had checked with the directors to get this approved since we hadn't had any information before the last meeting. Dean used his tractor to mow Fenwood trail and part of Burma trail.

Scott Miller looked at club disk and he said it wouldn't be worth it to try to fix it. Will run it the way it is until it won't work anymore.

New coordinator is Daniel Schmid. Mitchell is currently training him.

Mowing needs to be finished at Burma. There is always brushing that can be done on both trails.

Dean has offered to sell his tractor to the club. Preliminary figures from Rew Motors for it would be \$36,000. Tractor has cab, heat, air, loader, quick hitch and front and back hydraulics. Our tractor trade in is around \$17,000. Selling club tractor and paying from what we have in our account would make it possible to buy without taking out a loan. Let Dean know your thoughts on this at 715-297-2408 or dean.manecke@gmail.com or come to next meeting.

Peggy will have Gary look online for prices for clubs tractor and Dean's tractor.

Meeting was adjourned.

August is dues renewal. \$10 single and \$15 family. Please fill out attached membership application in full.

Elections are at August meeting also. Below is a list of officers and which are up for election:

President Dean Manecke

Vice President – Brian Manecke – up for election
