Treasurer report was given and accepted.

Mower is ready to go if anyone has time to mow. Dean has done from Fenwood to Highway P so far. Mowing will need to be done at Burma also. Grading will need to be done on the Burma trails also.

Since it is the beginning of the fiscal period there is money again to work on the storm damage on the trails. The Edgar trail from P to Big Rapids Road needs the most but there is cleanup needed on both the Edagr and Burma trails. If anyone has time to work just let Dean or Cindy know when, what equipment and which trail was worked on. Dean 714-297-2408 or dean.manecke@gmail.com.
